

DEAR PARENTS

Summer vacations provide an excellent opportunity for parents to spend quality time with their children, aiding in the development of their motor, skills and concentration. With this goal in mind, our teachers have crafted engaging worksheets for our young learners, aimed at reinforcing previously learned concepts while encouraging them to partake in enriching activities that promote comprehension and critical thinking. With a focus on positivity and direction, we've curated a range of enjoyable and educational tasks in our holiday homework.

By channeling their energy into constructive pursuits, we aim to nurture their curiosity, foster creativity, expand their knowledge, and instill a love for learning.

RIVA. > May I go to the washroom? Etc...... > Similarly, children can be encouraged to use simple words and S// sentences at home too, like: > Mumma, please give me something to eat. > Can I have a glass of water please? > I am feeling sleepy. > I am hungry/ famished. > May I watch T.V? > My stomach is aching etc...... If we teachers and parents together make a sincere effort, we can help our children learn to understand and speak English well.
