HOLIDAY HOMEWORK

CLASS-IV

ENGLISH

Q1. 'Books are a uniquely portable magic'

Let's delve ourselves into the magical world of books. Select any one novel of your choice. Read and write a book review on it. It should include: -

- Book, title and author
- Alternative title
- Favourite characters (any 2)
- Favourite part of the story
- The impact of the story on you

OR

Look at the pictures carefully and write interesting paragraphs describing each picture individually in your own words.

NOTE: This activity should be done on ruled sheets.

Q2. Create a "**Homophone Wall**" in your scrapbook. Write at least six pairs of homophones and include a sentence for each word that clearly shows its meaning. Also draw or paste pictures. Be creative and make your homophone wall colorful and eye-catching.

Definition: - Homophones are the words which have same pronunciation (sound) but different meanings and spellings.

Example: **Homophone:** Flower/Flour

- **Sentences:** The garden is full of beautiful flowers.

- I need flour to bake a cake.

NOTE: This activity should be done on A3 size sheets.

हिंदी

➤ भारतीय सशस्त्र बलों पर परियोजना कार्य-

- भारत की तीनों सेनाओं जल, थल और वायु से संबंधित चित्र एकत्रित कीजिए। उन्हें चिपकाइए और उनके नाम लिखिए। प्रत्येक सेना के बारे में संक्षिप्त जानकारी निर्धारित क्रम के अनुसार लिखिए-
 - अनुक्रमांक - १ से १४ तक जल सेना
 - अनुक्रमांक - १५ से २८ तक थल सेना
 - अनुक्रमांक - २९ से ४० तक वायु सेना
- परियोजना कार्य ए४ आकार की रंगीन शीट पर सुंदर रूप में प्रस्तुत कीजिए।
- **नोट:** कार्यपत्रिका का कार्य पूर्ण करने के बाद हिंदी व्याकरण की उत्तर पुस्तिका में चिपकाइए।

MATHS

❖ Instructions for all*

- Math's work should be done on an A 4 size colored sheet.
- Paste pictures to make it more presentable.
- Borders can be made to give it a good look.
- The project work should be submitted in a separate folder.

Dream City Population Project

Imagine 5 cities in your "dream country."

Answer the following questions neatly.

1. Write the population of each city using 6-digit numbers.
2. Arrange the cities in increasing and decreasing order of population with their numbers.
3. Compare the population of all the cities and find out which city has the largest and least number of population.
4. Write the number names of each city chosen by you.
5. Write the expanded form of the population of the five cities chosen by you.

OR

Story Problems*

Create your own 5 word problems using numbers beyond 9999.

(Use 5-digit and 6-digit numbers only)

Example: "A library has 112,350 books. It bought 36,245 more. How many books are there now?"

NOTE: Solve the given worksheets and paste them your Maths notebook.

SCIENCE

➤ TOPIC - "Spy on an Insect-Eating Plant!"

Hey Plant Detectives!

Your mission is to spy on a plant that eats insects. Pick a cool plant, watch what it does, and make a fun spy report like a secret file.

1. Watch and Write:

- ✓ What happens when it catches an insect?
- ✓ What insects does it like?
- ✓ How does it grow or change?

2. Make a "Spy Report" with :

- ✓ A drawing or picture
- ✓ Fun facts and notes

3. Conclusion: Write a short paragraph about what you learned and why you find the plant interesting.

NOTE: Submit the above mentioned project on A3 size sheet.

SOCIAL SCIENCE

Make a beautiful and attractive wall hanging on "**Renewable resources or Non-renewable resources**" by using cardboard or coloured sheet. You can paste pictures, mention its name and write two facts about it.
